

# CELEBRATE 100 YEARS

## Reception in 'Wilkinsons' garden to begin Friday graduation events

Contrary to one report in Tuesday's Universe, the President's Reception will be Friday from 3 to 4:30 p.m. in the garden of the Wilkinson home.

The affair, for graduates, their friends, members of their families and special guests, will begin Friday's graduation events.

Today at 4:30 p.m. all graduates will rehearse for commencement in the Smith Fieldhouse.

**THE COMMENCEMENT** program will begin at 7 p.m. Friday

with an organ prelude.

The academic procession, with graduates, faculty, special guests and members of the Board of Trustees in caps and gowns will begin at 7:15 p.m. east of the Y Bell Tower. It will proceed down the hillside ramp to the Smith Fieldhouse accompanied with processional music furnished by organist Gerald Dick.

Commencement exercises will begin at 7:30 p.m. with President Hugh B. Brown of the First Presidency of the LDS Church presiding. The summer concert chorus, directed by Ralph Woodward, will sing "Let All Mortal Flesh Keep Silent," arranged by Holst. Clyde D. Sandgren, University vice president, will offer the invocation.

**DR. A. RAY OLFIN**, president of University of Utah, will address the graduates, after which the chorus will sing "Glory Be to God," by Rachmaninoff.

President Wilkinson will address the audience and confer the 50th anniversary diploma.

After the ceremony, the bachelors' degrees, then the master's, the doctor's and, finally, the honorary doctor's degrees.

At Friday's ceremonies 429 students will receive the bachelor's degree, 132 the master's degrees, and two the doctor's degree. In addition, six will receive two-year certificates from the Technical and Semi-Professional Institute.

**THE DOCTOR'S** degree recipients are Jerold Robertson, chemistry, and Maurice Barnett, educational administration.

The honorary doctor of humanities degree will be awarded to Dr. William F. Albright, orientalist and Bible archaeologist. The honorary doctor of science degree will be conferred on George D. Marler, naturalist at Yellowstone National Park.

After presentation of degrees, Lt. Colonel Donald E. McCulloch will present commissions to the ROTC cadets.

The chorus and congregation will sing the college song, and Alma P. Burton, former dean of admissions and records, will offer the benediction.

Gerald Dick will play the recessional music.

## Bible scholar, Wm. Albright, to speak today

A noted specialist in Near Eastern languages and archaeology, one of the two notaries of the English Bibles, Dr. Albright will speak on the New Testament and current scholarship.

**AWAITING** commencement, Dr. Albright is spending some time sightseeing and consulting with his friends, among whom are former students from John Hopkins University, in the area.

Dr. Albright is internationally famous as the leading Biblical scholar in the field of American Bible studies. He has published many books and articles and has been recipient of the most important scholarly honors which his field confers.

He is presently professor emeritus of Semitic languages and chairman of the Oriental Seminary at John Hopkins University.

**DR. ALBRIGHT** has led many archaeological expeditions in Palestine and other parts of southwestern Asia.

He has received honorary doctorates from several other universities.

Ally, the honorary doctor's degree.

At Friday's ceremonies 429 students will receive the bachelor's degree, 132 the master's degrees, and two the doctor's degree. In addition, six will receive two-year certificates from the Technical and Semi-Professional Institute.

**THE DOCTOR'S** degree recipients are Jerold Robertson, chemistry, and Maurice Barnett, educational administration.

The honorary doctor of humanities degree will be awarded to Dr. William F. Albright, orientalist and Bible archaeologist. The honorary doctor of science degree will be conferred on George D. Marler, naturalist at Yellowstone National Park.

After presentation of degrees, Lt. Colonel Donald E. McCulloch will present commissions to the ROTC cadets.

The chorus and congregation will sing the college song, and Alma P. Burton, former dean of admissions and records, will offer the benediction.

Gerald Dick will play the recessional music.

## About 500 players vie ...

# Area's tennis stars here

All the top tennis players in Utah and many from the intermountain area are on campus this week participating in a tournament which will determine intermountain team, doubles and singles champions.

Approximately 500 persons from Colorado, Wyoming, Idaho, Utah, Montana and California are playing on the BYU courts.

**ONE LEGEND** said that the Utah tennis team is the best in Salt Lake City and Orem and switched to the BYU courts Monday.

Utah completely dominated

the team matches, said Harry James, tournament referee and tennis coach and athletic publicity director at the University of Utah. The Utah Association, out of the two Utah tennis districts, won nine of the 10 cup matches. Idaho won the other.

Mr. James explained that the districts in the states participating in the tournament staged playoffs to determine which teams would enter the intermountain play. As examples of the districts, he explained that Utah has two, the Utah Association, Salt Lake City and north of there, and the Central Utah Association, the Provo area. Idaho has just one district.

ger and Wayne Pearce of Salt Lake City should win, the referee said.

Barbara Chandler and her partner are favored in the women's doubles, he said.

**MR. JAMES** explained that anybody could enter the singles and doubles play in the tournament simply by making application and paying the required fee.

Young players in the intermountain tournament are being housed in Helaman Halls and

the adults are staying in Provo motels and hotels or with friends or relatives, according to Doland Condon, Provo High tennis coach, who is in charge of scheduling and results for the tournament.

Last year's intermountain tournament was held in Pocatello and next year's will be at the Air Force Academy at Colorado Springs, Mr. James said.

This tournament is the most outstanding one of the year in Utah, he said.

## Elder Hunter tells evidences of Book of Mormon's verity

"The greatest evidence I have of the Book of Mormon is that Christ said it is true," stated Elder M. B. Hunter of the First Council of Seventy in Tuesday's assembly. He also said there are now many material evidences well known.

**ELDER HUNTER** explained that in the time of Joseph Smith, scholars and books expressed opposite beliefs to those given in the Book of Mormon. The belief of the world at this time was that there was to great civilization before the coming of Columbus but that the Indians had come over the Bering Strait. The world also thought that the horse first came with Spaniards and that he only domesticated animals were the dog and turkey.

Elder Hunter said the scholars even believed that the people before Columbus knew little about mining or textile making.

Lately there have been many evidences to disprove completely these former beliefs, as Elder Hunter pointed out in his talk. Some of the most interesting proofs he gave in Tuesday's as-

sembly are legends of the Indians related after the coming of the Spaniards.

**ONE LEGEND** said that the origin of the Indians is the East and they were led by a Prophet with a special instrument. Another story tells that the Catholic priests were astonished that the Indians had a religion that was as much Christian as that which they were trying to bring them. Other priests felt that the Devil knew they were coming to bring Christianity and had given the Indians a counterfeit religion.

The best legend of the Great White Bearded God, said Elder Hunter, is one told to a Catholic priest shortly after the Spaniards came. The priest was told that this God was the son of the Eternal God and that he made the earth and then came down to live on it. He was also called the "Powerful Hand" because when he placed his hands on the head of the sick they were healed. After hearing this, the Catholic priest wondered if

**SINGLES** and doubles play started Tuesday and will wind up Saturday afternoon. One hundred fifty matches were held Tuesday and that number is being cut in half each day by elimination in the 1 a.m. to nearly 7 p.m. play.

There are 25 divisions, determined by age, sex and whether the matches are singles or doubles. Age group divisions range from 10 and under to 45 and older. There is one mixed doubles division. Winners in each of these divisions will be named after play ends Saturday.

**Favorite** in the men's singles division is Llan Rodolphus, Provo City recreation coordinator and former National Public Parks champion, according to Mr. James.

**BARBARA CHANDLER**, who was ranked the sixth best women's tennis player in the U.S. in 1947, is favored to win in the women's singles division, he said.

In the men's doubles division Major Frank Samples and Bob Axtell of Footeville or Jim Fol-

## New Home Study catalog ready for free distribution

The Brigham Young University Home Study Catalog for 1962-63 is off the press and ready for distribution. It was announced today by Dr. Ernest L. Wilkinson, University president.

It may be obtained on request free of charge.

Cover of the new bulletin is a full-color photograph of the Brigham Young statue on BYU campus. The book contains descriptions of 244 college courses and 26 high school courses offered by the Home Study Dept. Forty academic departments are represented.

A major change from the previous year's catalog is an increase in fees from \$9 per semester hour of credit to \$11 per semester hour.

Lula Clegg, chairman of the Home Study Dept., said registration this school year, ending Aug. 31, will reach about 600. This represents an increase of about 250 over the previous year.

Lessons are sent to BYU

home study students all over the world, Miss Clegg said. Some are seeking to build up high school and college credits, while others take the courses for self improvement or professional development.

The BYU mail courses are approved by the U. S. Armed Forces Institute and are taken by servicemen and veterans in many parts of the world.

To earn two hours of college credit, the home study students usually must complete 25 lessons; for three hours, 25 lessons; four hours, 30 lessons; 5 hours, 35 lessons. Final examinations are required in most courses. These may be taken at the Home Study office in Provo, or may be administered by a qualified person in the area, such as a school principal, superintendent, bishop or minister, or armed forces educational director.

All lessons and examinations are corrected by the BYU teacher in charge of the course.

(Continued on page 2)

## Demo senatorial hopeful delivers speech to students

Democratic Senatorial aspirant Calvin Rampton Wednesday expressed differences between himself and his opponent for the nomination, David King, Democratic Representative in the U.S. Congress, in a speech delivered to a student audience.

MR. RAMPTON stated that Representative King was a "front runner" and supporter of the President voted for about 90 percent of the bills recommended by the President. Mr. Rampton, "a constructive critic, not an obstruction," as he called himself, said that he would be voted for about 80 percent because he felt many were not helpful for Utah.

The main concern of a Senator, Mr. Rampton said in his speech Wednesday, is to the people he represents just as a lawyer does the best he can for his clients. Sometimes a Senator finds he is also judge for the country as a whole because in this age of automation what affects one part of the nation can affect all the nation.

AFTER HIS TALK Mr. Rampton asked for questions from the audience. In answer to one question as to what he would do if elected, he said he would try to

pass a bill giving new businesses a better chance to start by higher tax exemptions to starting corporations.

He said he would also support a bill to investigate the feasibility of a trans-mountain aqueduct to bring water from the Snake and Columbia rivers. Mr. Rampton said he felt that would be necessary, as even the projected reservoirs for Utah may not supply enough water for irrigation and culinary use.

His experience has included four years as an administrative assistant in Washington, four years as an assistant attorney general and after serving in the Army he has been a lawyer in the federal courts up to the present time.

## New Y students to represent all states this fall

New students from every state in the nation have applied for admission to BYU in September. President Ernest L. Wilkinson, has said.

As of AUG. 15, total applications from new students reached 4,693. Of these, 115 were from foreign countries.

THIS IS A record number of applications for this date. President Wilkinson reported. Last year on the same date, 4,549 new students had requested entrance, and the total enrollment reached a record of 11,178 regular, on-campus students.

Cumulative enrollment (total individuals) who attended BYU in the 1961-62 school year was 14,435.

"Don't call yourself a fool — your friends may suspect you have inside information."

## Y Press buys new machine

The BYU Press has recently purchased a new 11-ton press from a Chicago firm.

The new press, a Miehle 38 Sheet-Feed Offset Press, is 17 feet long and eight feet high.

THE MACHINE will be used for all University printing of brochures and folders, according to Frank Haymore, manager of the BYU Press Dept. The machine is particularly advantageous in printing the yearbook, he said, for it will print eight page books, whereas the other presses have printed only four.

The new press does not replace another press, Mr. Haymore explained, but it has been added to increase the volume of the BYU Press with the University's increasing growth.

The erection of the machine will be completed in about two weeks, he said.

## About 70 new teachers to join faculty for '62-63 year — enough replacements

### Religious Instruction

Wilson Kay Andersen, assistant professor; and Alan D. Cook, instructor.

## Letter to editor . . .

## Student slams summer paper

Allow me to congratulate you on a brilliant editorial campaign that would have done credit to the old Hearst papers, Time, or the Chicago Sun-Times.

YOUR FIRST crusade against the candidate for summer school studentbody president was an excellent amalgam of innuendo, vague generalization and anonymous portraiture — that story of the girl reporter passing by was the stroke of a master—in the Machiavellian manner. (Of course, it could have been better timed. Coming after the election, its effects were limited to character assassination, rather than to both this and this defeat of the candidate as well. Wait! Now I see your strategy. If you had printed it and he had won, you would have been in hot water. Brilliant timing!

I was certainly thrilled to see that my newspaper was protecting me from Gestapo tactics when you ripped the mask off of President Wilkinson's "Mystery Man." That was a brilliant expose. (Don't be discouraged by the fact that you had the facts all wrong. You're an editorial writer, not a grubber by researcher of facts. Besides, President Wilkinson got it all straightened out later, anyway.)

I WAS ALSO pleased by the originality shown in inserting editorial comment in Christy Coles' review of Clint Larson's play. The true mark of genius is that it chafes at restraint; in this case, the restraint of the editorial box. You would think that Mr. Coles would recognize this genius. By her letter, I would judge that she was rather irritated. Still, your clever use of type-facts and your cue editorial note won the day for you. (A lawyer told me that was fortunate that you defined herself to the letter. He mumbled something about "editorial irresponsibility" and said that she would have won any lawsuit easily. But then, he is only a lawyer and wants to stir up trouble.)

The change of pace that you exhibited in Tuesday's editorial was refreshing. After the heavy campaigns of the summer, we readers really needed a flyweight editorial. Your "President works 'for'" students want "with" will undoubtedly become a classic minor-league whiffing, and scabbing. By the way, I have an excellent idea for a heavyweight crusade for next year's article to make the two dollar subscription to the Summer Universe voluntary instead of mandatory? I'm sure that we students want is a paper that works FOR our money, not WITH it.)

I ALSO want to congratulate you on the accurate, complete, and timely reporting this summer. In fact, I'd like to shake your hand. Suppose we meet at the President's Reception Thursday (Summer Universe, Vol. 14, No. 179, p. 1, col. 3; "Garden Reception at Wilkinson's" stated Thursday), or even Friday (loc. cit., col. 4; "Graduation events will begin Friday at 10 a.m. with a reception for President and Mrs. Ernest L. Wilkinson . . .") I may have to leave early Thursday. I've heard a nasty rumor about a commencement rehearsal at about this same time. Of course, since I don't see it in the paper, it's probably not true. Thursday, then?

Robert O. Despain

## Elder Hunter discloses evidences of authenticity of Book of Mormon

(Continued from page 1)

this God could be Jesus Christ, as no man had this power and the Devil would not help him.

ELDER HUNTER also indicated that the idea held by many that the horse was first introduced by the Spaniards to America is losing ground. To show this, Elder Hunter told one of his experiences in South America. While touring ruins in Mexico, his guide pointed out drawings of horses and other animals, telling him they were dated about 1,000 A.D., but at that time the horse was unknown. Elder Hunter asked where they had gotten the idea of horses. Had they dreamed them? he asked. Had they had a vision of them? Or, he pointed

ed out, did the painter really have a horse to draw? After thinking about it the guide said, "Well, I guess I'll have to change my story."

Evidence has also been found to indicate that the Indians before Columbus knew as much about mining and working of gold and silver and other precious metals as the present generation, and they even knew things not known now. They also knew as much and more than is known today about textile making. Elder Hunter said some scholars now say the Indians before Columbus were as great as the ancient Persians in textile making.

## SUMMER UNIVERSE

Published Tuesday and Thursday during both terms of the Summer Session, the Summer Universe is published by Student Publications, Inc., 1400 University Avenue, Brigham Young University.

Second class and privileges authorized as 2790, Utah, first-class postage paid, March 8, 1975. Printed by Student Publications, Inc., 1400 University Avenue, 1st Clark Student Section, 1992, 88¢ per copy. Subscription, \$10.00 per semester.

## 24-year-old Skyline Conference dies with dubious win record for Cougars

A 24-year marriage is breaking up, and the spoils going to the family. The Skyline Conference is no more.

For 21 years, BYU teams have tried to garner top honors in the football wars, and for 21 years they have failed:

Utah, the Cougars' arch-rival, on the other hand has taken 10 of the 21 available titles, Wyoming ranks second in the pigskin trophy race. They have amassed seven first place efforts.

**THE CATS HAVE** had three second-place seasons, one third, three fourth, seven fifth, two sixth, third, seventh and two eighth spot finishes.

Wyoming has some almost unapproachable records such as 91 consecutive games without being shut out and 15 consecutive conference victories.

BYU has the dubious honor of being on record with the most passes intercepted in one game, seven.

The Cats hold the lowest average punt return allowed, gained when the Cats were in the tutelage of Hal Kopp, a measly 2.6 yards for the 1957 season. That same year saw the Cou-

gars grab up 32 fumbles of opponents, another record.

In 1956, the Blue and White attempted 43 passes, and set a record in one game of that year with an 83.8 per cent completion against Denver.

**1951 SAW THE** Cougars allow only 14 rushes in one game, that against Western State. In that same game the Brighamams also attempted the most passes for a single game, 66. Penalties gave the home squad another dubious mark, 216 yards penalized in one game.

Pass defense was good in 1959, and the Cats held New Mexico to minus two yards all day.

**PAUL ALLEN** (1961), Gary Dunn (1958-59), Don Bushmore (1949) and Ray Olverson (1950) are the only Provo players to gain a place in the individual records—Allen for best average kickoff returns, 40.1 yards; Dunn for a 42.9 average punt; Ray Olverson for 15 touchdowns, and Don Bushmore for eight punt returns in one game.

In basketball the Cougars fared better, but records have only been compiled since 1952. In 1951 the Cats clobbered every body (practically) to take NIT honors.

The 1957 championship team holds the best free throw percentage, .705.

**ONE HUNDRED** ninety field goals attempted in 1953 and 17 scored—in one game records are held. The Ute game was the barn-raiser in Cougar Palace in Feb. 1962, when the Ottes scored 106 and the Brighamams 101, another record.

Elsewhere the Cougar round-batters have one individual title, that of John Benson's 1957 13-13 perfect scoring record against New Mexico.

Since 1955 Brigham Young tracksters have taken the conference honors, making it an eight-year streak. In the early stages of the conference, Colorado won seven in a row, with time out for World War II, but the mark is now eclipsed forever.

Of the seventeen conference track and field records, the Cougars hold five:

**ONE MILE RUN**, 4:13.5 by Ray Smith, set at Western Division meet in 1962.

**Three mile run**, 14:34.7 by Matt Ratty at the same meet.

**Mile relay**, 3:12.0 held by Larry Kelly, Kirk Wright, Guy DeHart and Bob Tobler.

In the 1961 conference meet, Lew Doreaux hurled the javelin 234 feet 10 inches.

**ED COSTA** holds a 6 feet 9 inches high jump mark, and Jim Williams holds the pole vault at 14 feet 9 inches.

Cross country records have Brigham Young with four of five.

The Cougars also have three of twelve baseball titles.

One golf, and two tennis titles round out the Cougar complement.

**FALL GRIDDER**—Most prominent Cougar griddier, Eldon Fortie, 167-pound fullback from Salt Lake City, last year led the Cougars in total offense, rushing, and passing.

## Y to lead new WAC in opening grid practice

BYU will lead the new Western Athletic Conference into a new athletic era next week when the Cougars open football practice two days ahead of most of the other WAC schools.

**COACH HAL** Mitchell and the Cougars will swing into the '62 campaign the morning of Aug. 30.

Ordinarily the first day of collegiate practice is set for Sept. 1, but under NCAA rules a school may exercise an option which permits them to start

drills 17 days before the first game.

Since the Cougars will open the '62 season on Sept. 15 against University of Pacific in Stockton, Calif., they will commence practice two days ahead of the usual starting date.

**FRESH DAY** activities are scheduled for Wednesday afternoon at 2 p.m. on the practice field. The players will suit up for the customary picture day chores, then plunge into rugged pre-season program Thursday morning.

Two-day drills are scheduled for 9:30 a.m. and 3:30 p.m. daily for the next two weeks.

"With the schedule we've got coming up, we are going to need those two extra days of practice," Mitchell noted. "Every minute of every session has to count."

Following the opener with the Tigers at Stockton, the Cougars head for Tucson, Ariz., where they will open the WAC football season against University of Arizona on Sept. 22.
